The New York Times bestselling author of *Something Borrowed*, *Something Blue*, and *Baby Proof* delivers another captivating novel about women and the choices that define them. This is the story for anyone who has ever wondered: How can I truly love the one I'm with when I can't forget the one who got away?

Ellen and Andy's first year of marriage doesn't just seem perfect, it is perfect. There is no question how deep their devotion is, and how naturally they bring out the best in each other. But one fateful afternoon, Ellen runs into Leo for the first time in eight years. Leo, the one who brought out the worst in her. Leo, the one who left her heartbroken with no explanation. Leo, the one she could never quite forget. When his reappearance ignites long-dormant emotions, Ellen begins to question whether the life she's living is the one she's meant to live.

Love the One You're With is a powerful story about one woman at the crossroads of true love and real life.
